17 Police Units Quell Near-Riot At S.V. Rodeo

Three Jailed In Sunday Fracas With Police

Seventeen police units were used to quell a near-riot at the Sweetwater Roping Arena, 6024 Quarry rd., near La Presa.

Three persons were arrested and two sheriff's men were injured slightly and suffered torn uniforms in a scuffle during the arrests.

Booked in County Jail were Russell R. Latson, 35, a San Diego painter; Jerry Cromwell, 27, a Pine Valley plumber, and Hugh W. Black, 27, 9902 Jamacha blvd., a Spring Valley meat cutter. Black was also charged with allegedly being disorderly and drunk.

Latson was charged with resisting arrest and Cromwell with disorderly conduct.

Deputy Donald Stewart suffered body bruises and Deputy F. E. Moyer was scratched on his face Two units responded to a call when a fight broke out at the arena. The fighters were subdued when a third party impressed himself in the scuffle. When Stewart attempted to arrest the interloper about " a dozen persons" became involved, the sheriff reported.

An unidentified woman got into the sheriff's car and radioed for help. Minutes later Stewart also radioed for help and 16 units from the San Diego, La Mesa, National City and Chula Vista police, responded. The California Highway Patrol also moved in making six law enforcement agencies taking part.

About 1,500 people a week attend the weekly rodeo show held at the Quarry rd. arena, it was reported.

Grove Residents At Oil Meet

Two residents of Lemon Grove attended the annual convention of Tidewater Oil Company marketers at the Castaway in Burbank last week. They are W. M. Kendel, 7621 Lawford pl., and P. L. Rademacher, 8127 Lincoln.

At the day-long convention, Tidewater executives briefed members of the firm's S. Cal. marketing district on the 1963 outlook for the oil industry, with emphasis on marketing. Major speakers included Vice President James McDonald, Western Division general manager; Donald Y. McCoy, West Coast marketing manager; and F. E. Attig, S. Cal. district marketing manager.

Study Here May Reduce Fire Insurance Rates

Area residents are hopefully awaiting the outcome of studies being made here presently by the Pacific Fire Rating Bureau.

If the report is good, a lower rating may result and, in turn, fire insurance rates would be lowered.

The Bureau crew will finish work in Lemon Grove this week, Fire Chief Pappy Hensley said.

Lemon Grove has a rating of 6 on a scale of 10. The last study by the Bureau here was in 1956. Following the study the local rating was dropped, and in turn, so were insurance rates.

Most insurance firms on the west coast belong to the Bureau and a change in local rates always follows a change in Bureau ratings.

Chief Hensley said that the Fire Dept. and its equipment had kept pace with the growth of the district. "We are hopeful that we will earn a 5 rating this year," he said.

Jack Durham, local insurance broker, said that a 5 rating would save the average homeowner about $1 a year.

Meanwhile, Spring Valley Fire Chief Frank Berger said his district wouuld get a rating study as soon as Lemon Grove's study is completed.

Spring Valley has a rating of 6 in developed areas and 9 in the remote and sparsely populated areas.

"We believe the rating will be reduced, especially in the 9 areas," Chief Berger reported, "because we have installed more mains and more hydrants in the hilly, brush covered areas of low population density."

The S.V. rating was given in 1956, at the same time L.G.'s rating was set.

The Bureau usually gives a report four to six months after the study.

WATER TO BE DIRTY

Dirty water may show up in some Lemon Grove hydrants this week on Thursday, warned Fire Chief Pappy Hensley.

The Department is going to "flow hydrants" Thursday starting at 9 a.m. to get records of pressure for the Pacific Fire Rating Bureau.

The water should clear up within 24 hours, he said.

47 More Valleyites Join Subscriber List

Like the river, the subscription campaign conducted by this newspaper in co-operation with the Spring Valley Welfare Assn., just keeps rolling along.

This week 47 S.V. residents said they wanted to take the paper and in so doing, aid the S.V. Welfare Assn. fund.

The 47 subscribers added to 552 others who have subscribed and paid their bill, brings the new total to one subscriber less than 600 who are participating.

The newspaper provides a portion of the $3.50 annual subscription rate to the Association. They use it for aiding needy families until government welfare agencies can take over.

The Association gets a dime for each new subscriber and this money is paid to the group every week. In addition to getting funds from this source, the Welfare group also operates a Thrift shop at 1072 Gillespie dr. in Spring Valley.

The group recently lost the lease on another shop which they had operated for several years.

The actual selling part of the campaign is over and the names that are being published from now in are those that are coming in after their order is processed and statements issued.

The names of several hundred subscribers are yet to go through the bookkeeping process. The firm which is handling the campaign anticipated a thousand participants from the Spring Valley area alone.

Tax Over-ride Passage Vital Says Mrs. Lemmer

Peg Lemmer, Lemon Grove junior high school English teacher told the L.G. Men's Club Friday that the Elementary school district would not be able to attract and keep the best teachers if the over-ride tax election failed again next month.

She said the district would not be able to meet all of the educational demands either.

Mrs. Lemmer, who is also past president of the southern section of the Calif. Teachers Assn. explained how the district has juggled figures and cut back programs for the past two years. "It has now reached the point of no return. If the election fails and the district reverts next year to the 90c tax rate, there will be a breakdown of school programs here," she said.

The present rate for school operation is now $1.65. The district asks an increase of 34c, or about $13.50 a family a year.

Would Bring $100,000

The increase would raise about $100,000 a year of which more than half would go for programs such as extended year and summer recreation program and equipment such as books for the Palm jr. hi library and teaching materials.

"We can't depend on the state for additional funds although there's much talk about more money for schools this year.

"If more State money does develop, the district will not need to take the allowable limit," she said.

Teachers' beginning salaries here are $250 a year lower than surrounding districts which makes teacher recruitment harder, she explained. They are $500 lower than state average.

$90,000 was cut from the

Governor's Withholding Tax Can Cost You Your Job

If you've never written a letter before we urge you to do it now!

Sit down tonight and write a letter to your Governor and send copies of it to your State Senator and Legislator. (Gov. Pat Brown, Senator Jack Schrade, and Assemblyman Dick Donovan). Address all to State Capitol, Sacramento.

Your letter should protest the proposed state income withholding tax.

Governor Brown's record budget which tops $3 billion is tied to tax reforms. Instead of reforming his State minions to reduce waste and give-away of tax payers' funds, he proposes to buttress waste with more money from you in the form of withholding taxes.

Because this tax puts the responsibility on business firms for collection, there will be a reluctance to hire people. The cost of handling the tax burden for the State will also add to the cost of doing business. Because take-home pay is the pay people live on, additional tax costs will have to be absorbed by business. Many businesses here, already reeling economically will have no choice other than to lay off people or close down.

The tax proposal could cost you your job!

The administration knows that the rank and file of taxpayers cannot be organized to protest. They grumble, certainly, but taxes are levied at so many levels that protestants would have to spend all their time to earn a living. There simply aren't enough hours for them to organize for fighting the tax collectors.

Once the withholding tax program is adopted, a few cents can be added from year to year . . . just as Federal Income and Social Security taxes have been nudged upward.

Don't let them do it!

Your lawmakers want to help you. But in the absence of your voice, they'll succumb to the determination of the Governor and next year state withholding taxes will be added to government's never-ending demand for more of your money.

TWO LEMON GROVE MEN LAST Friday walked into the Lemon Grove library and protested that a book they say degrades Christ is being carried in the San Diego County library system. Dr. Frank L. Ford Dealer Expands Here To Compete As County's Largest

Jim Spears, operator of the Spears Ford Agency in Lemon Grove, this week announced plans for expansion that will put his firm in position to challenge fifteen other Ford dealerships for county leadership.

The program consists of expansion of the service departments by the acquisition of adjacent property and the expansion of the sales department by building a new wing on the existing building at the corner of Broadway and Massachusetts. The newly acquired property is 100' by 180' north of the present facility.

Spears, who started the firm eight years ago, has had to expand periodically to accommodate the needs of his growing firm. He built a completely new sales and service facility in 1960. In 1961 he took over the Mobilgas station at the corner of Broadway and Massachusetts.

With the latest expansion he acquired the Ellis Body Service and the Roy Minor Trailer Sales and Service companies. The properties join Spears and are bounded by the freeway on the north. Frank Ellis, operator of the firm bearing his name for the past eight years, will become an employe of the Spears firm.

Minor, whose firm has been in operation three years will seek a new location.

The facilities operated by Minor will be demolished. The Ellis building will be renovated to blend in with Spears' present building.

New Wing

The new wing will parallel Massachusetts and will house the sales and insurance offices. It will connect the Ellis' and Spears' building.

The body shop, paint shop, the front end alignment and wheel balancing departments of Spears' firm will be housed in the Ellis building when renovation is completed.

The expansion provides the firm with 25% more area than before and leaves but two small lots less than a full block as the base of Spears' operations.

Wins Award

Spears was awarded the vaunted Distingushed Achievement award by Ford last year. He was one of two Ford dealers in the county to be honored.

Spears, past vice president of the L.G. chamber of commerce and current president of the L.G. Men's club, said the Lemon Grove community offered more opportunity to business firms and investors than any other area in the county. He said Lemon Grove's geographical position, making it the hub for major road systems, provided built-in economic guarantees that were not possible elsewhere in southern California.

"Highway development patterns can injure other areas but nearly every major one, either already planned or yet to be designed, must pass through Lemon Grove if it is to logically take motorists from one side of the county to the other.

"No matter what highway the motorist rides cross-country, he'll pass within a few minutes of Lemon Grove," he said.

Continuing a series on the Ten Commandments at Vista La Mesa Christian Church, Rev. Richard G. Davis this Sunday will talk on the Sixth Commandment in a sermon entitled "The Sacredness of Life."

The Commandment, "Thou Shalt Not Kill" has always caused concern among theologians, Rev. Davis points out, especially in time of war and when they're dealing with subjects like capital punishment.

Also Rev. Davis explores the question: Is there more than one way to kill a man?

Music for Sunday will be provided at the 9:45 a.m. service by the Sanctuary Choir singing "Glory To God" and at the 11 a.m. service by Ruth Buckner singing "Hold Thou My Hand."

A DAY FOR BICYCLISTS — The Lemon Grove VFW is sponsoring the first annual "Bike Rodeo" here Saturday. Demonstrating one of the benefits the rodeo will have for area bicyclists is Harry Geller, assistant chairman of the event, shown here applying free reflector tape to the bicycle of Marie Cardin, 3400 Meridian ave., a sixth grader at Vista La Mesa School. Danny Burke, a fellow VLM sixth grader displays his bike on which the tape already had been applied. He lives at 3708 Harris st.
A flock of bicyclists is expected to descend upon Lemon Grove Junior High, site of the rodeo on Feb. 9. Entrance to the bike check will be through the gate on School ln. The VFW invited everyone in the area with a bike.

V.F.W. To Put On First Annual L.G. 'Bike Rodeo'

When national headquarters of Veterans of Foreign Wars decided to do something to help cut down on bike accidents in the U.S., the Lemon Grove Post (2082) was among the first units of the big organization to taken action on the decision.

The result is the First Annual Lemon Grove "Bike Rodeo" from 9 a.m. to 5 p.m.

"The unusual thing about this bike check is that it is for everyone with a bike, not just school kids," said VFW member Hibbard Stubbs, chairman of the rodeo.

Assistant rodeo chairman Harry Geller explained that there will be two parts to the check—going over the bikes to see if they're in good condition and rider performance tests. Afterwards an ample amount of white and red reflector tape will be put on each bike free of charge.

The VFW is being aided in the project by bike safety chairmen of local PTAs.

Members of the VFW-sponsored Boy Scout Troop 322 will direct traffic.

It wasn't estimated how many bicyclists would participate but Stubbs said as many as 5,000 could be accommodated.

Bike riders coming to the "Bike Rodeo" through busy intersections were reminded to follow signal lights and take their bikes across in pedestrian crosswalks.

"At no point in the bike examination and riding ability testing is anyone to be issued a citation," Stubbs said. "This is strictly for the purpose of aiding bicyclists and not to put them on the spot."

The reflector tape was donated to the national VFW by the Minnesota Mining and Manufacturing Company. The tape is light-sensitive, makes riding safer at night.

Co-sponsoring the bike safety program with the VFW is the National Safety Council and the Bicycle Institute of America.

The VFW held its annual March of Dimes "balloon sale" in Lemon Grove Jan. 26. day.

Those wishing more information on the "Bike Rodeo" may call Stubbs at CO 4-1076 or Geller at HO 6-1278.

Mrs. Reta Hulett, program chairman will be in charge of the party. During a short business meeting a nominating committee will be elected.

The S.V. Woman's Club announced it wants to express thanks to Mrs. Robert McKinley of Olive dr., for her generosity in donating a piano to the Senior Pals and Gals Club of Spring Valley, an organization first sponsored by the Woman's Club. A committee with Mrs. Edith Robeson as head was appointed some time ago to obtain a piano for the Senior Pals and Gals and it was through the committee that Mrs. McKinley learned of the need.

The S.V.W.C. contributed $15 toward a monument to Father Junipero Serra to be erected in Sacramento. Many California federation groups and historical societies are contributing to this fund, recognizing the "Father of California."

HOW AN OREGON THIEF HELPED A L.G. LADY PAINTER

Mrs. Eva Hopkins who lives at 2920 Washington st., Lemon Grove and does painting as a hobby, said something happened lately that made her feel like a renowned painter.

She gave a picture she painted to a friend who lives in Salem, Ore. When the friend returned home she took the painting, which was of a fir and a stream. Lately when the friend left it at a Salem store to have it framed, someone evidently was so attracted by the art that they stole it.

To think someone would risk jail to have one of her paintings is what impresses Mrs. Hopkins.

Mrs. Hopkins said the incident made her feel so good that she is glady providing her Oregon friend with another picture of the same thing—this time one done with even more inspiration.

COMPLETE POLIO PROTECTION

If you've taken Sabin vaccine for Types I and II, you need this final dose to get complete protection.

SABIN VACCINE TYPE III AVAILABLE AT 86 CLINICS

ONE SUNDAY ONLY FEB. 10

SABIN VACCINE PROTECTS AGAINST POLIO

Type III Sabin vaccine is recommended, particularly for young adults, children, and infants over three months of age by:
- Surgeon General's Office, Washington, D. C.
- California State Department of Public Health
- San Diego County Medical Society
- San Diego Department of Public Health.

For the guidance of older men and women, the Sabin on Sunday Committee calls attention to the fact that 15 million doses of Type III oral vaccine have been given to all age groups in the United States. Among these were 11 questionable cases of vaccine-associated polio, eight of which were in persons over 30 years of age. Among adults, Type III oral vaccine is especially recommended for parents of young children, pregnant women, and anyone planning foreign travel. Even if you or your children have had Salk shots, you need oral vaccine for complete protection against polio. More than 570,000 children and adults took Types I and II in October and December. Sunday, Feb. 10 is the only opportunity to complete your series of Sabin vaccine at a public clinic for complete protection against crippling polio. Donations by the public for Types I and II Sabin vaccine were so generous that it is now possible to offer Type III vaccine without charge. For further information, phone 297-4393 or 298-7761 or Toll-free ZEnith 7-1111 (Se habla Español). Children should be accompanied by a parent.

for physicians since 1939 increased 95% the report said.

This increase was compared with these:

Hospital room rates	up 346%
Domestic help	up 325%
Men's haircuts	up 233%
Shoe repair	up 174%
Beauty shop services	up 133%
Laundry services	up 130%

We suspect that the AMA is factual because the profession, by nature, deals in honesty. We think that the public feels this way too. It was the public's good, horse sense which defeated the government's determination to force federally sponsored medical care on citizens while doctors said it left much to be desired.

As an afterthought, it isn't surprising that anyone would have more confidence in a doctor than he has in a politician, is it?

The Tax Cut That Isn't

What's wrong with the Administration's tax program?

Nothing, except it won't cut taxes.

At best, it will not reduce your tax payments enough to make up for the extra records you'll have to keep.

My informant is Congressman James Utt, who was recently gerrymandered out of this area and replaced by a Democrat.

Utt says:

Let's take a look at the Administration's tax proposal, most of which is directed to favor the small taxpayer, and see what it amounts to. Acutally it is more of a tax shift than a tax cut, in that the home owner will not be allowed to deduct the interest which he pays on his home mortgage.

"This in itself will put a damper on home building and home ownership, and will increase home foreclosures. The proposed repeal of the $50 deductions on income from dividends and the 4% dividend credit will work a hardship on the millions of small stockholders. The proposed elimination of the double personal exemption for people over 65, allowing a $300 tax credit in lieu thereof, will cause several million people to file tax returns even though there is no tax liability.

"The proposed capital gains tax on the appreciated value of property at the time of death will be a hardship on many people even though the proposed tax rate would be less. As of now, about 70% of those who file an estate for probate are exempt from any federal estate taxes because of the $60,000 exemption. These people would therefore have to pay a capital gains tax on the appreciated value of the estate inventory.

"Under the proposal, a man and wife with a $7500 annual income would receive a reduction of 78c per week each. Unhappily, however, the last Social Security tax increase, effective the first of this year, amounts to $24 a year, so that the tax saved would be only 55c a week each, and there are at least three additional increases in the Social Security tax coming within the next six years.

"If the Medicare Bill passes, Social Security will tax each worker in this bracket another $24 a year, which will further cut the tax benefit to about 32c per week, while the proposed deficit will increase the cost of living far more than 35c a week per person.

"Now let's take a look at the proposed tax cut for corporations, which is supposed to create 1½ million jobs per year. A corporation earning $10 million a year before taxes will actually pay more in every year until 1969. How, then, can it expand, with less retained earnings for the next six years than it has today? This anomaly arises because the proposed law provides that a corporation shall begin to pay its taxes in advance, plus the current tax under the new law, so that this corporation will actually pay about $400,000 more taxes in 1961 than it will pay in the current year.

"So the proposed corporate tax cut is a joke so far as the immediate effect would be.

"I would much rather see the personal exemption raised from $600 to $300 a year and an immediate 5% cut in the corporation rate. The cost of such a cut would be less than the President's proposal, and would eliminate the payment of taxes by several million taxpayers with relatievly low income and large families. However, this is too simple for the President's economic advisers to understand."

P.A.L.S. Install First Officers

Highlighting the installation ceremonies of the Parents of Academically Limited Students at the Grossmont High School cafeteria last week, Lewis F. Smith, district superintendent expressed the interest of the Grossmont District in all aspects of education and appreciation for the efforts of the P.A.L.S. group to assist with the program. "Recent research shows that we are only scratching the surface of the potential achievement in our students. Studies have found that with the right motivation, an average student is able to handle a very difficult program, previously reserved for students in the genius range," Mr. Smith said.

After the pot luck dinner which opened the program, Dr. John T. Warburton installed Mrs. Robert Morris as president; Mrs. Lloyd Crounse as secretary; Mrs. Gloria Kosten as treasurer, and Maurice De Montagne as vice president.

Nicholas Mallek, director of special education for the Grossmont District, was in charge of arrangements.

Matador Coach Looks For Good Track Year — But Not Like 1962

Schools in Grossmont High School District started workouts for track season last week. Track coach Dick Sweet at Mt. Miguel, who brought his trackmen to second place in the league last year, looks for a good year but not as good as 1962.

Coach Sweet said the Matador track crew will first take part in a non-league meet against Pt. Loma on Feb. 26. He named as promising athletes milers Bill Hanson and Ernie Ryder; half-miler Jack Hayes; shotputter, Luther Clark; hurdler Eric Axall and pole-vaulters Dave Ledwith and Craig Stamper.

"Both league-wise and schoolwise we're expecting some new records to be set thsi year," coach Sweet said. He explained that the Grossmont League will be especially strong in pole-vaulting and distance running.

The top schools in this league this year will probably be El Capitan, Helix — last year's champ — and Grossmont High, which is always strong, coach Sweet said.

Wrestling Picture Bright For Grossmont College

The Grossmont College wrestling team has won three straight league meets. The Griffins scored a 31-10 mat win over Southwestern College on the victor's mat. This sets the Griffs at 3 wins and one loss in league standings.

The Griffins lost their opening match with Orange Coast, then defeated Fullerton, 25-16, Mount San Antonio, 35-7, and Southwestern 31-10.

On Saturday, Jan. 26 the Griffins defeated Mt. San Antonio even after the Griffin mat men spotted their opponents several pounds. In fact, with the absence of heavyweight Frank Reed—out with a shoulder injury—the Griffs were forced to wrestle out of their weight division but without adverse effects.

Gary Curry spotted his opponent 15 pounds, but came up with a pin over the Mounties Rick Warren in the 167 pound scrap. Jim Sunburry also scored a fall over Mt. San's Frank Trujillo.

Bill Leep, 191 pounds, filled in for injured Reed and decision Bob Scroggins 6-4. Ken Meil scored an 11-1 verdict over Al Yoakum and Pat Gossern, George Snaffer, and Don Phillips won matches by forfeit.

The Griffins third Eastern Conference mat victory over Southwestern ranks them high.

The Griffs spotted the Apaches five points by forfeting the first match, but came on strong to win 7 out of 9 matches. Coach Mickey Shelly's muscle men won four matches by falls and three by decisions.

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this citation will also be read: "When we realize that Life is Spirit, never in nor of matter, this understanding will expand into self-completeness, finding all in God, good, and needing no other consciousness" (p. 264).

How spiritual understanding of God restores health and harmony will be the topic of a free lecture on Christian Science to be given in Lemon Grove on Feb. 12 by Gertrude E. Velguth of Flint, Michigan.

Open to the public without charge, the lecture will be sponsored by the members of Christian Science Society of Lemon Grove. Mrs. Velguth will speak in Masonic Temple, 2590 Main st. at 12 noon. Her sbjecut wil be "Soul's Restorative Power Revealed."

"CONFRONTED"

In this life we are confronted with God. We do not have to believe in God, but He will be placed at the place where we will have to reckon with Him. What are you going to do with the God of the Bible? God comes to you with all His gifts and offers you a place in His Kingdom.

Also, racing cars on a pinewood derby track will be on exhibit for the public.

Award Presentations, Inspection Take Place At Pack 329 Meeting

Cub Scout Park 329 held its first meeting for 1963 on Jan. 21. Inspection followed the opening ceremonies by Den 2. The following awards were presented: one-year pins to Floyd Clark and Dennis Woestman; Bobcat pins to Jerry Ludlow, Merrie Woods and Denny La Salle. Assistant Denner stripes went to Paul Morgan and Jerry Paschka, who will go into Weblos.

Cub Pack 329, which is sponsored by the Bancroft Elementary School holds the Pack meeting the third Monday of each month at the school. The Pack still needs new boys to sign up and adult help.

Several boys received awards at the December meeting: one-year pins to Lean Kindred, William Schultz, Loren McAchert, Douglas Nelson and Carl Johnson. Gold arrows wents to William Schultz and Douglas Nelson. A silver and gold arrowhead and a one-year pin went to Mark Turner.

To subscribe to this newspaper, phone in an ad or news, call 469-0101.

During the court of awards the following were honored: Mark Sigars received a Bear badge; David Knecht, a Wolf badge and gold and silver arrow; Charlees Lare, a one-year pin and a Denner patch; Mike Murphy and Jeff Prentice, one-year pins.

A new den, number six came into being with Mrs. Alice Weatherby as Den Mother. She accepted five boys into the new Den—Bobby McStay, Jerry McCleny, Bobby Sloane and Gerald Tank.

Pack 354 adult officers were announced for the year. DR. NEAL TO SPEAK ON 'RED CHINA' SUNDAY

Dr. Fred Warner Neal, formerly Consultant on Russian Affairs in the U. S. State Department who has travelled extensively in the Soviet Union and Eastern Europe, will speak on "Red China, Russia and the U. S. Foreign Policy" at the S.D. Open Forum Sunday at 8 p.m. in the auditorium of the First Unitarian Church, 4190 Front Street, San Diego. The public is admitted without charge after 7:45. A discussion and question period follows the address.

Final Sabin Clinics To Be Held Here Sunday

Sabin on Sunday clinics throughout the county are staffed with volunteers and will be ready to serve Type III polio vaccine at a rate of more than 50,000 doses per hour Sunday Feb. 10, Dr. John A. Bishop, M.D., chairman of the SOS program, said today.

One important advantage of oral vaccine, Dr. Bishop explined, is the longer period of protection which some medical authorities believe it affords compared to Salk vaccine which requires booster shots. After several years' experience with oral vaccine, some medical authorities state that Sabin orl vaccine protects individuals against polio over much longer periods of time than Salk vaccine does before a booster dose is required, in addition, oral vaccine keeps immunized persons from becoming carriers.

Type III oral vaccine will be offered at the same 86 clinics to 6 p.m. used for Type I and II last Oct. and Dec. Donations from the public were so generous during the four Sundays that the SOS committee can now offer Type III without charge, Dr. Bishop said.

He called attention to the one Sunday only, Feb. 10, when Type III will be dispensed. Clinics will be open from 11 a.m.

In SPRING VALLEY clinics will be at Casa de Oro School, Agua Dulce Blvd. & Ramona dr., Avondale, 8401 Stansbury st., and Spring Valley Elementary, 3845 Spring st.

In LEMON GROVE clinics will be at Lemon Grove Junior High, 7866 Lincoln st., and San Miguel School, 7059 San Miguel ave.

AVOCADO SALE GOOD EXCEPT FOR THE MONEY PART

Hans U. Eckert, an avocado grower at 3563 Hartzell dr., S.V. considered himself lucky to have disposed of his avocados early in January, before the local frost.

He permitted a dealer, unknown to him, to pick 4,200 pounds of the fruit for $600. The avocados were then sold by the dealer to the Escondido Avocado Growers Assn.

Mr. Eckert's fortune changed, however. He told sheriff's deputies Monday that the buyer never returned with the money. Eckert is licensed by the State Dept. of Marketing Enforcement.

If A Woman Answers . . .

Four telephone number changes have not been enough to prevent a female from calling the William Cliffords, of 536 Maria st., S.V.

The woman makes lewd and obscene suggestions before she hangs up, the Cliffords told the sheriff's dept.

Trio In Custody

The third of a trio charged with burglary was apprehended by sheriff's men last week. Howard Lee Wiltfong, 17, of 3627 S. Cordoba, S.V. allegedly entered the homes of Blanche Hoye, 7915 Tangor Way and Carol Hiberd, 3990 N. Granada Jan. 20.

John Heth and Gary Vinson are already in custody. Police allege the trio also robbed mailboxes during the holidays.

Torch Taken

A gas torch with regulators and hose was stolen from the Nelslo Corp. last week. George Sheetz, owner, said the equipment is worth $150.

Bike Recovery Dept.

Three bikes, abandoned in front of Cornet Store in Spring Valley, were turned over to the Sheriff's dept. Friday by Maybelle Vollrath, store manager.

They had been left in a rack in front of the store for two days.

Danny Goodwin, 8504 Palm st., L.G. reported to the sheriff that he found an abandoned purple bike at the Palm jr. high school early Saturday. He attends the school. The bike is being held at the L.G. sub station.

Had Gun, Went Swimming

Thomas A. Jackson, 23, of San Diego, put down his .22 cal. Springfield rifle at the edge of Hansen's Pond on Jamacha rd. to take a swim after hunting in the high heat Saturday. When we got back to shore the rifle was gone.

It had a 4-power scope.

Beer Drinking Brings Charge

Three L.G. youths and a Marine were intercepted by the Sheriff Saturday at 1:35 a.m. at L.G. Oscar's Drive In, 7400 Broadway, after Betty Williams, a waitress, claimed they were creating a disturbance.

Sheriff's Deputy Robert DePreist charged them with possessing alcoholic beverages.

All allegedly stated they had been drinking beer and there were several cold beverage bottles in the car.

The sheriff's arrest report lists Richard J. Carrol, 18, of 7479 Mt. Vernon, L.G. as the driver, Damon G. Wilson, 19, 2122 Main st., L.G., Alfred John Aligino, 19, 2121 El Prado, and Gary Lee Hardy, 19, a Marine, El Toro, as occupants.

You now enjoy the convenience of seven locations within the San Diego area. When you save by mail, Southland, South Bay and Suburban pay all postage.
Your account is backed by a strong financial structure and is insured to $10,000 by a permanent agency of the United States Government at all three associations. In other words, you as an individual can now receive a total of $30,000 protection with three different accounts. Or, if you need a low-cost home loan, call Southland, South Bay or Suburban for sound, experienced advice.
